

FORMULATED FOR ADVANCED CLEANING POWER

The **smart choice** for cleaning & disinfecting.

MULTIPURPOSE ENZYMATIC DETERGENT CONCENTRATE

The balanced formulation of surfactants and enzymes selectively attack odor-causing bacteria. Whisks away organic debris from your entire evacuation system, leaving it clean and odor-free. Dilute for use as an instrument pre-soak or ultrasonic solution.
1 gal. bottle [1862-684]

GLUTARALDEHYDE SOLUTION

Get 28 days of Smart Chemistry disinfection/sterilization. In 2.5% and 3.4% formulations.
2.5% 1 gal. bottle [3321-102]
3.4% 1 gal. bottle [3738-930]

SURFACE DISINFECTANT

Three products in one: cleaner, disinfectant & decontaminant. This intermediate-level disinfectant can also be used as directed to effectively clean and decontaminate critical and semi-critical instrumentation.
24 oz. bottle [3738-958] 1 gal. bottle [3738-949]

DISINFECTING TOWELETTES

Wipe and go! Z3 Towelettes stand up to heavy use and offer a broad spectrum of kill. Canister of 160 towelettes. [3738-967]

Put the power of **smart chemistry**[™] to work in your practice with Z³ infection control solutions.
