

Application for Benco Family Foundation Grant

The Benco Family Foundation is dedicated to improving the dental health and quality of life in our local communities and around the world.

All grant applications to the Benco Family Foundation must include solutions for oral health or community issues that are innovative, sustainable, measureable, and impactful.

Dental Health:

- Create innovative solutions to improve oral health care
- Initiate a project that utilizes resources to fund unique initiatives
- Achieve measurable results and drive change in oral health care access and awareness

Community:

- Create an innovative quality-of-life solution
- Initiate a project that utilizes resources to fund unique and sustainable programs
- Achieve measurable results and lasting improvements in the lives of people

Please submit a Letter of Inquiry (2-page limit) that includes...

1. Overview of your organization
2. Description of the innovative program or project, including goals and objectives
3. Resources required to implement (financial, equipment, products)
4. Resources requested (financial, equipment, product, expertise)
5. Measurable impact
6. Contact information and organization tax id number

The Benco Family Foundation will review and evaluate Letters of Inquiry and confirm receipt. Eligible requests will be contacted for further information and review. Letters of Inquiry after July 1 will be considered for the following year. Grants will be awarded in the 4th Quarter.

Our Foundation policy restricts Access to Care Clinics (FHCQ's, Volunteer Clinics, Community Health Centers, etc..) to product donations only. **Organizations must be a 501c3.**

Grantees receiving funding must complete an annual interim report by September 1 of the following year on the status of the project's achievements.

Submit Letter of Inquiry to the Benco Family Foundation:

Rebecca Binder, Executive Director at rbinder@benco.com
