

**Arkansas
Notice of Tax Exemption**

Dear Customer,

It has been brought to our attention that certain items are taxable by Arkansas sales and use tax law, unless a proper exemption certificate is provided. In the State of Arkansas, items categorized as “*Parts and Materials Used in Making Dentures Bridges and Crowns*” are taxable without a properly executed exemption certificate.

In order to exempt these items we will need a copy of the Arkansas Exemption Certificate, **Form ST391**, completed and sent back to the Tax Department. The good news is we have made the process easy.

Please go to: <https://www.benco.com/benco-dental-exemption-certificate-information/> to view an example of your states completed certificate which will provide you with the necessary fields to be completed and other required wording. For you convenience we have also included a link to a blank copy of your states exemption certificate for you to print and complete.

At your earliest convenience, send your completed exemption certificate to the Benco Tax Team via the fax or email information provided below and your account will be updated to reflect this change. *Please be sure to include your customer number, contact name, and phone number at the top of your form in the event we have a question.*
