Quick Glance Tutorial Coupon Codes in Painless Mobile for iOS

1

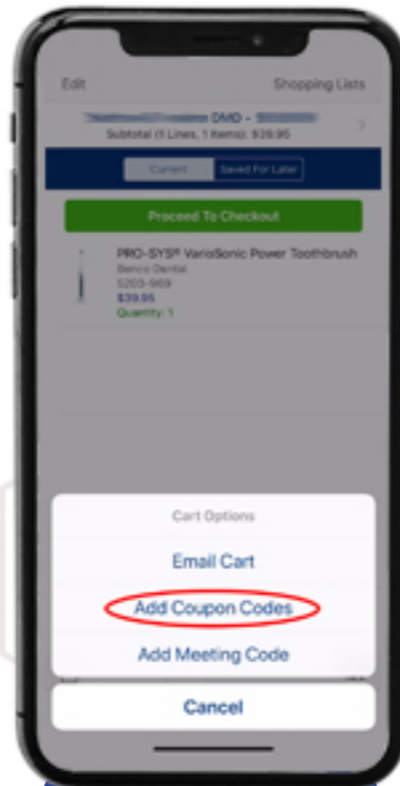

Search for desired product from home screen.

2

Select Item, visit cart, then click on upload icon.

3

Choose Add Coupon Codes from overlay menu.

4

Enter a valid code and click the blue Add button.

5

Code is applied when it appears in plain text under the code entry field.

6

A rejected code prompts an error message under the entry field.
