The seller is required to maintain proper records of exempt transactions and provide those records to the state when requested in the form in which it is maintained. These certificates may be provided in paper or electronic format.

The seller is not liable for any tax, interest, or penalty if the purchaser improperly claims an exemption or provides incorrect information on the certificate, provided all the following conditions are met:

- 1. The fully completed exemption certificate is provided to the seller at the time of sale or within 90 days subsequent to the date of sale.
- 2. The seller did not fraudulently fail to collect the tax due; and
- 3. The seller did not solicit customers to unlawfully claim an exemption.

Note: A seller may not accept a certificate of exemption for an entity-based exemption on a sale made at a location operated by the seller within the designated state if the state does not allow such an entity-based exemption.

Drop Shipper Instructions: The drop shipper may accept an ID number to claim the resale exemption as provided above in the Purchaser's Instructions. The ID number may include an ID number issued by another state. This may result in the same ID number being used for multiple states to claim the resale exemption (e.g., a retailer or marketplace seller may only be required to register for sales tax in one state).
